The *Great Adventure* Bible Study Parking Lot

for Small Group Discussions

As a small group facilitator, you do not need to be the expert. Keep the group focused by using this form to record any off-topic questions or opinions.

Tip: When difficult questions or issues arise, such as controversial topics about specific Church teachings or morality, please respond along the following lines:

> *"That is a very important topic that deserves a thoughtful answer. Right now, though, we need to focus our small group discussion on the study questions. Let's record your thoughts/question on the 'Parking Lot' form and I will pass it along to our study leader."*

Please pass this form on to your course leader.
